NOBLE SOULS

A REALM OF RECONNECTION

MILAN, APRIL 2018

A REALM OF DISARMING COMFORT AND NATURAL BEAUTY

A new creation that starts with natural materials, ancient makers and time-honored techniques, saved from the march of progress, salvaged from the wake of technology and modernization...

RECONNECTING WITH OUR SENSES THROUGH NATURE

A worldwide journey across different cultures rediscovers the intrinsic beauty of natural materials and ancient craft, exploring how together they can reconnect us with enduring values ...

THE ANCIENT WISDOM OF NOBLE SOULS...

not yet dulled or dimmed
by a cluttered, overloaded
digitized, distorted
virtualized and disoriented world,
still alive to simple pleasures, aware of the body and mind,
and the beauty of life ...

... AND THE TOUCH OF ANCIENT MAKERS' HANDS

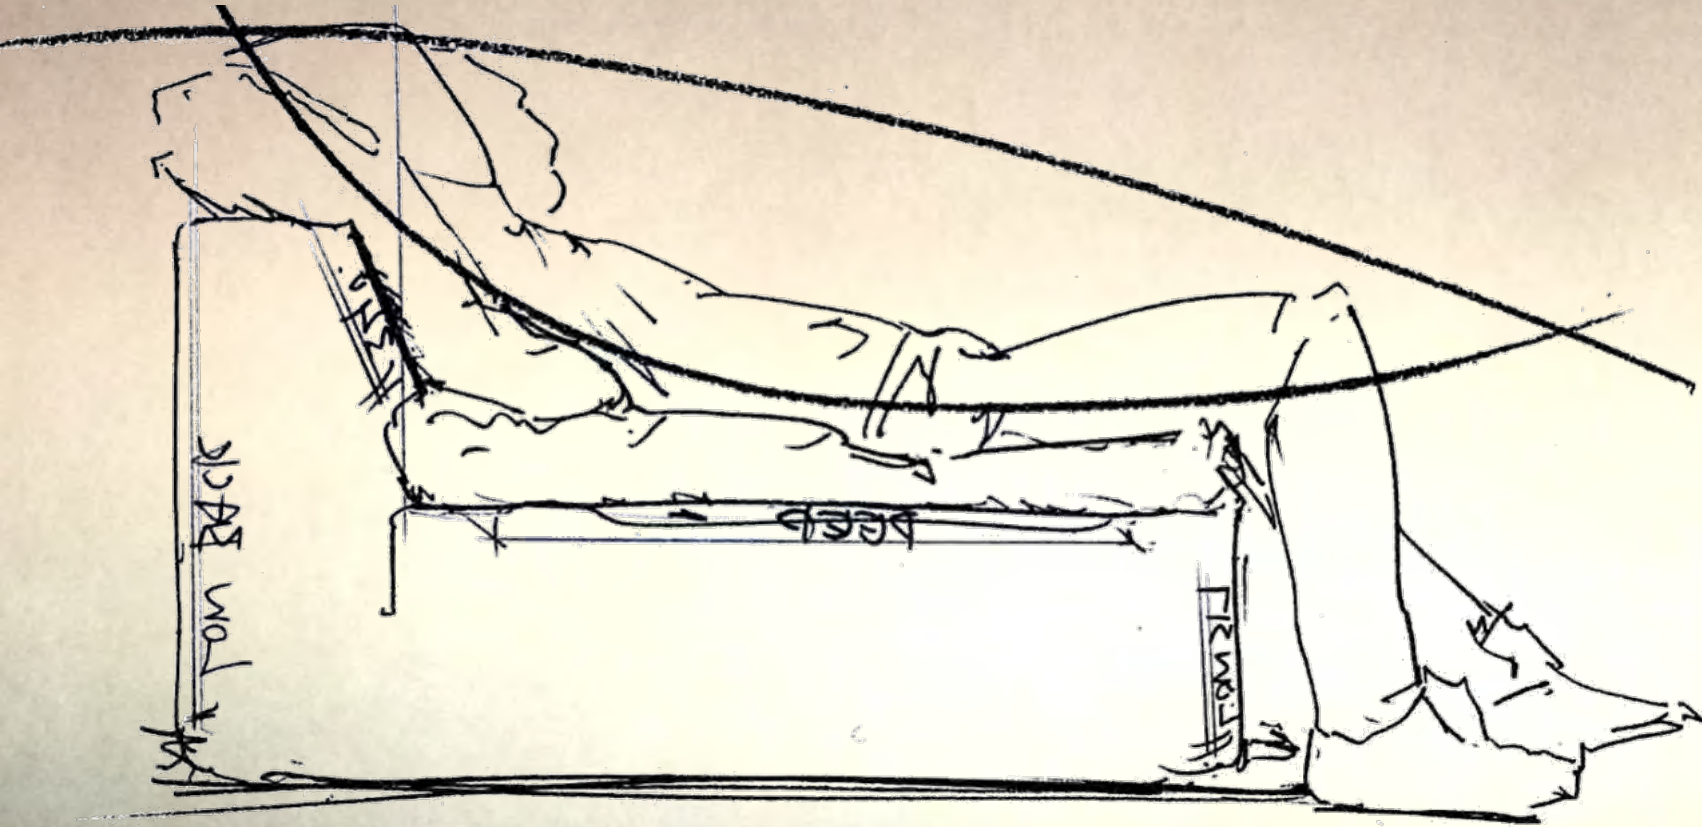

guiding the creation of simple, beautiful,
rich and pure experiences,
that reawaken our senses,
that reconnect us with feeling,
with moments of timelessness,
with our noble souls ...

In a home these values combine to create

A REALM OF DISARMING COMFORT, NATURAL BEAUTY AND RECONNECTION

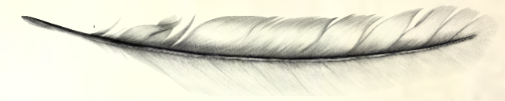

... a hearth, an agora for the worlds families, friends, lovers and enlightened individuals.

Accessible every day, it becomes a touchstone, a sensorial reawakening that reconnects us with real life,

Worked out across an array of different
contours and configurations
for different lifestyles,
Noble Souls provides a disarming level of
physical comfort
that we call

WHUUSH...

... and the reassurance of natural materials,
and human hands.
